Claim Rejections - 35 USC § 101

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-6 and 53-63 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Following the guidance of the Board of Patent Appeals, the PTO's position is that each claimed method directed to class 705 must include reference to a computer in the preamble as well as the body of the claims.

Claim Rejections - 35 USC § 112

2. Claims 1-6 and 53-68 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The PTO's position is that "system" and "network" are indefinite without some accompanying structure, e.g., network of computers.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1-6 and 53-68 rejected under 35 U.S.C. 102(e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over CNET News.Com.

The applicant argues that the article is nonenabling. The PTO's position is that either the prior art disclosure provides enough of a blue print for one skilled in the art to

Art Unit: 3624

successfully reduce to practice the claimed invention and that the applicant shares a burden similar to that described in MPEP 2164.04 as to why enablement is not found or in the alternative the prior art is evidence of commercial exploitation and that the name and function are proper prima facie evidence of the claimed subject matter.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
